## Woman's Trials.

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one piedge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the shildren of others. To them the largest family does not seem too numerous. In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical charactor, but easily removable by palness operative treatment at the Invalids' Hotel and Sarregical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescript in "fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility. Dr. Pierce's Favorite Prescription is the most of ourse—more in fact than any other remedy put up for sale through druggists, especially for woman's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plaine English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce's Pleas

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women. TO KILL THE DANDRUFF GERM.

Is the Only Po . Way of Having An Effective Cure.

If you see a woman or a man with lux priant glossy hair, you may be sure nel ther has dandruff to amount to anything In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consistent of the scale of the sc manest cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Soil by leading drugglets. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.

A regular storm period lies between the 7th and 12th. It is central on the th and will culminate from the 8 h to the 11th. Great increase of temperature, with corresponding fall of the barometer, will pass like a wave from West to East during this period. A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair. Ga., says of Electric Bitters: "It's a Godsend to mankind. It ured me of lame back, still joints, and comcared me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have male me so strong I have just walked three miles in 50 minutes and feel like walking three more. It smale a new man of me."
